

# Product Training Courses

Stay squarely at the forefront of supply chain and omnichannel commerce and keep tabs on industry best practices. With a full range of learning resources, you'll be prepared to maximize the benefit from your Manhattan software. Empower your users to adapt to the ever-changing needs of your business.

# Individual Courses

Choose the right course for the specific Manhattan task at hand and empower your users to adapt to the ever-changing needs of your business. Our training courses include hands-on access to live systems in virtualized training environments, skilled instructional facilitators, as well as challenge-based activities and real-world scenario-based training. We offer both public and dedicated options.

**Public classes** are offered on predetermined dates throughout the year and are open to all clients and partners. These are provided either onsite at Manhattan Associates in Atlanta, GA, or virtually.

**Dedicated classes** require a minimum of seven attendees, and the client can choose the date that works best for their team and our trainer's availability. Each client will also be able to choose the method of delivery including at their location, onsite at Manhattan Associates in Atlanta, GA, or virtually.
